

# NutriMill Classic

The Nutrimill, the world's #1 selling high speed mill features adjustable motor speed for increased texture control. Its engineering, innovation and design are unsurpassed. Tested as the quietest mill on the market. It is the only "real choice" when you want instant fresh flour at home.

## Instant Fresh Flour

- Large 20 cup bowl capacity
- Variable speed and texture control
- Stainless steel pre-cracker milling heads
- Multi-channel airflow extends motor life
- Double-wall construction = quieter operation
- Quick milling (20 cups in under 5 minutes)
- **Limited lifetime warranty against defects**

*"I honestly never knew how easy it was to grind your own grains. And I also did not know how good and fresh food would taste when made with freshly milled flour."*

- Lisa Leake - 100daysofrealfood.com

**Stainless Steel, Dual-Stage  
MicroBurst Milling Heads**
